WHAT RV'ERS SAY ABOUT BRAKE-GUARD!

March 27, 2005 Vehicle: 2001 Renegade motorhome

"WOW! What an incredible improvement on our braking! We have a 33,000 lb. vehicle with a 330 HP CAT Pusher. I just can't believe how much faster & easier we can stop now. I am sold totally 100% on Brake-Guard. I will recommend Brake-Guard to everyone I meet!!! No vehicle should be without Brake-Guard!!! Thanks so much for your help! You are absolutely correct. We made it to Deming from Benson and we both noticed an incredible difference in our stopping power! You've got an excellent product. Thanks again! P.S. My wife is now not afraid to drive, now that we have the Brake-Guard." *Walter & Linda Gasiorek, Shohola, PA*

"Braking with our 31' Sunny Brook has become a "no sweat" occurrence with the Brake-Guard. My wife feels the most confident - as we slow down more steadily. Also are aware of the "squat" in the truck solo - when stopping."

Garry Johnson, Portland, OR

"After the installation of the Brake-Guard HD-400, I felt that my RV stopped quicker. As I was heading south on Hwy. 101, about 2 miles from Brookings, Oregon, I came around a curve. In the middle of the Hwy. were two deer. Had I not had the Brake-Guard system on my RV, I know that I would not have been able to stop in time to keep from hitting them. I firmly believe that the Brake-Guard makes a huge difference."

August 26, 2003 Vehicle: 1990 Ford F-250 Pick-up tow vehicle

"There was an immediate feeling of comfortable response to braking. Braking with our 30' 5th wheel kept improving during our 200+ mile trip home, now driving with or without the trailer has made braking feel more secure and definite. I am completely pleased with the decision to install Brake-Guard. The system has settled in and is working as I was told it would."

George E. Bundy, Seattle, WA

"Thank you! I now have smooth, straight stops, no wander or fighting the wheel. No more brake squeal. I will never drive without the Brake-Guard." *Harry Bellerby, Livingston, TX*
