Dear Mr. Jones:

Chrysler Motors' policy on vehicle modifications and alterations is covered in the Warranty Information booklet provided with each vehicle.

I have attached a copy of this policy from a 1989 New Passenger Car and Truck Warranty Information booklet. The same policy applies to all models and years.

Sincerely,

A handwritten signature in cursive script that reads "D. J. Krans".

Modifications and Alterations: Certain changes that you might make to your car or truck do not, in and of themselves, void the limited warranties described in this booklet. Such changes include:

- the installation of non-Chrysler parts, components or equipment (such as a non-Chrysler radio or speed control);
 - the modification of the vehicle or one or more of its components; and
 - the use of special (non-Chrysler) materials or additives.
- However, your Chrysler limited warranties don't cover any non-Chrysler parts.....
